Education

Guru Nanak Institute of Technology B.Tech. in Electronics and Communication Engineering; CGPA: 8.5 (Till 5th Sem)	Kolkata, West Bengal 2023 – Present
Balichak BH Institution Higher Secondary (XII); Percentage: 76.4%	West Bengal 2022 – 2023
Jamna Ramkrishna Vivekananda Pathamandir Secondary (X); Percentage: 84.8%	West Bengal 2020 – 2021

Technical Skills

Languages: Java, JavaScript, C
Web Technologies: React.js, EJS, Node.js, Express.js
Databases: MySQL, MongoDB, PostgreSQL
Core Concepts: Data Structures and Algorithms, DBMS, Computer Networks, OOPs
Tools: Git, GitHub, Postman, VS Code, MongoDB Compass, MySQL Workbench

Personal Projects

Resume Builder App	GitHub
- Developed a resume builder using the React.js and Express.js with MongoDB for managing multiple user resumes. - Implemented real-time editing, section-wise resume management, completion tracking, and PDF export functionality. - Designed an optimized database structure to efficiently store user and resume data.	
AI Code Reviewer	GitHub
- Built an AI-powered code review web application using the MERN stack integrated with the Gemini API. - Enabled users to submit code snippets and receive automated feedback, suggestions, and code quality insights. - Developed a responsive UI and backend API workflow for seamless code analysis and result generation.	

Achievements

Dhrithi – Web-GIS Change Detection Platform <i>Research Project</i>	May 2025 – Apr 2026
- Developed a web-based platform to monitor and detect land-use changes using satellite imagery for environmental insights. - Selected among Top 10 ideas out of 3000+ at Bharatiya Antariksh Hackathon; published in the Journal of Geomatics, a peer-reviewed journal by the Indian Society of Geomatics (ISRO). - Served as Team Lead and Primary Author; developed the complete web platform.	
IHMMC 2026 – International Level Hardware Model Making Competition <i>Secured 6th Position</i>	Mar 2026
- Developed VitaSense, a non-invasive system for real-time monitoring of vital health parameters such as heart rate and oxygen levels. - Served as Team Lead and developed the complete web platform.	
Smart Bengal Hackathon <i>Finalist</i>	May 2025
- Developed a prototype to detect mobile phone usage in restricted no-mobile zones with a 4-member team. - Served as Team Lead and led backend development.	

Certifications

Programming in Java , NPTEL – IIT Kharagpur Elite + Gold Certification (Top 1%)	Oct 2025
Introduction to Database Systems , NPTEL – IIT Madras Elite Certification	May 2025
